

CACC Science Team Contract Fall 2013 & Spring 2014

Purpose of the Science Team

The goal of the Science Team is to increase interest in science, technology, engineering and math among the students in the Alexander City school system. To accomplish this goal the science team will help conduct in-class and/or after school robot activities with students in grades 4 through 8.

Team member requirements

In order to be on the science team one must satisfy at least one of the following conditions:

- Be planning to take or have taken Trigonometry, Math 113 or higher.
- Be planning to take or have taken Chemistry, Chem 111 or higher.
- Be planning to take or have taken Physics 201, or 213 or higher.
- Be pursuing a technical degree in AUT, ILT, WDT, CIS or MSP

ACTIVITIES

Fall 2013

Help conduct in-school robot classes and/or coach after school robot teams September through December for approximately 10 weeks. Team members should expect these activities to take approximately ten hours each week.

Spring 2014

Help conduct in-school robot and/or coach after school robot teams January through April for approximately 10 weeks. Team members should expect these activities to take approximately ten hours each week.

Science Team members taking physics at CACC will receive bonus points for being on the science team.

Each science team member will receive a stipend of \$1000 each semester. The method of payment will be \$250 each month for 8 months beginning on September 1, 2013. If a team member must quit the team for any reason their contract will end at that time and they will receive no further payments.

I agree to the terms and conditions of this contract. _____

CACC Science Team Application Form Fall 2013
